**Theme: Rossetti & The Pre-Raphaelites:**

Paint from a live costumed model the first two weeks then complete the composition the third week using photo reference. Research, explore and use the style of the painter as a starting point to create your own painting, drawing, illustration, cartoon or composition style of your choice. Pose length will vary from 10 to 45 min. Note: models usually charge an additional fee to be photographed.

In addition to learning about art history, the class will focus on figure drawing basics, drawing and painting clothing, design and composition, use of color and art style to tell a story. Class sessions will also have music of the period and a brief background on the culture and costumes of the period.

Beginners welcome and are encouraged to explore figure drawing and painting styles without pressure. Advanced students are encouraged to create finished work. Instructor will demonstrate a number of different techniques. Students may work in any media they wish.
